

Customer's Own Materials (COM)

My Chic Nest is proud to offer customers the option of providing their own fabric to truly customize their furniture. Our Customer's Own Materials (COM) program allows customers to send in their chosen fabric to apply to any item our store offers.

How it works:

All of our furniture is fully customizable. You can choose from our wide selection of fabrics, or provide your own. We can help you determine how much fabric you will need for your piece, and what will look best. There is no extra cost to use your own fabric. After your fabric is received, production will start on your furniture. Please remember that all COM pieces are **non-returnable**.

How to order:

If you choose to send in your own fabric, please email customerservice@mychicnest.com with your order details and we can place the order for you. COM orders cannot be placed online. You can determine the amount of fabric you need with the tables below. We can help you determine the right fabric for your order and the amount you will need. After placing the order, simply fill out the form below, attach a 1"x1" swatch to the order form, and include this with your fabric when you ship to us.

Please mail order form, swatch, and fabric to:

Attention: My Chic Nest (order#)
2620 S. Malt Ave,
Commerce, CA 90040

We must have the order form before we can proceed with your order. Please cut a small swatch of your material (at least one square inch) and staple it right side up to your order form. In the unlikely event that your material and order form become separated, this will assist us in locating your fabric.

If your fabric and order form will be sent to us in separate packages, please indicate so on your order form. On the mailing label of the package in which you send your fabric, please write "Attention MyChicNest, Order #" and include your name and return address.

Selecting your fabric:

- All fabric should be upholstery quality.
- All fabric must be continuous yardage; we cannot accept multiple pieces of material.
- Any stripes will be arranged vertically, unless you request horizontal striping.
- If your furniture is tufted, striped fabrics are not recommended.
- If your fabric features a central design, we will make every effort to center it on your item, if you so specify on the COM order form.
- Before sending your fabric to us, please inspect it for flaws.
- Because inadequate fabric will delay your order and excess fabric cannot be returned, please measure carefully.
- All fabric must be sent on a roll, not folded.
- Fabric must be at least 54" wide.
- If you have any questions about the suitability of your fabric, please email us at customerservice@mychicnest.com.

Yardage needed per item

*We recommend adding 10-30% to the below measurements to ensure sufficient yardage
